

Hyderabad-2008

Dhananjay Kumar, California

The 7th biannual international conference and exhibition of the Society of Petroleum Geophysicists, India (SPG) was held during 14-16 January, 2008 at the southern city of Hyderabad. The conference was supported by other international geophysical societies SEG and EAGE. Over 2000 delegates from all over the world attended the conference that had 29 technical sessions and 5 poster sessions. There were 15 pre- and post-conference continuing education courses were conducted at Hyderabad, Mumbai, Chennai and Vadodara. Below is a group picture of “seismic wavefield modeling” course conducted during 18-19th Jan, 2008 at NGRI, Hyderabad, instructed by **Dhananjay Kumar and Luca Duranti** from Chevron, USA.
